

# Temporary Walkway Rentals

SAFE, STABLE WALKWAYS FOR ANY ALBERTA PROJECT

---

## Create Clean, Stable, Slip-Resistant Paths to Keep Workers and Visitors Moving Safely

---

**FenceLine's temporary walkways provide predictable, secure access across active construction sites and event environments.**

Temporary walkways help crews, visitors, and equipment operators move safely across active workspaces. Designed to sit securely over snow, ice, mud, and dirt, our modular steel walkway system provides reliable footing wherever your site needs access. On construction sites, walkways help reduce slips and trips and protect finished surfaces.

At events, walkways help direct pedestrian flow and improve accessibility. Steel walkway planks feature open grating walking surfaces that are durable and weather-ready. The slip-resistant design allows snow, water, and debris to fall through, helping keep pathways cleaner and safer.

## Solutions for Every Site

---

### Construction Sites

Pedestrian crossings across job sites, protecting finished landscaping, and connecting site trailers.

### Events & Festivals

Entry routes, vendor aisles, backstage access, and ADA-friendly pathways.

### Municipal & Commercial

Public-right-of-way work, building access routes, and temporary pedestrian detours.

## Built for strength, safety, and dependable performance in challenging construction and event environments.

### Contractor-Grade Construction

Hot-dipped galvanized steel frames with welded construction are built to withstand demanding site conditions and uneven terrain.

### Open Grating, Slip-Resistant Walking Surface

Open steel grating provides reliable traction while allowing snow, water, and debris to fall through, helping keep walkways cleaner and safer throughout the day.

### Modular, Continuous Pathway Design

Interlocking walkway planks create continuous pathways of virtually any length, allowing layouts to adapt to changing site conditions and constrained spaces.

### Clean, Professional Curb Appeal

Uniform walkway layouts help organize pedestrian movement, improve site visibility, and maintain a clean, professional appearance on active sites.

## Why Choose FenceLine?

Trusted by Alberta builders, event organizers, and homeowners for over 25 years.

- **Reliable Rentals** – Clean, well-maintained equipment ready for active sites.
- **Fast, Local Service** – Teams who know Alberta sites and site conditions.
- **Straightforward Coordination** – Simple scheduling from delivery to pickup.
- **One-Stop Site Access** – Walkways available with fencing, waste, and toilets.
